

Position: 826 National Digital Intern

Compensation: Unpaid

Organizational overview:

826 National amplifies the impact of both our national network of youth writing and publishing centers and the voices of our young authors. We serve as an international proof point for writing as a tool for young people to ignite and channel their creativity, explore identity, advocate for themselves and their community, and achieve academic and professional success. Currently, 826 is in eight domestic cities and has over 50 826-inspired affiliates across the globe.

We provide strategic leadership, administration, and other resources to ensure the success of our network of eight writing and tutoring centers. 826 centers offer a variety of inventive programs that provide under-resourced students, ages 6-18, with opportunities to explore their creativity and improve their writing skills. We also aim to help teachers get their classes excited about writing. Our mission is based on the understanding that great leaps in learning can happen with one-on-one attention, and that strong writing skills are fundamental to future success. Last year our tutoring centers – located in Ann Arbor/Detroit, Boston, Chicago, Los Angeles, New Orleans, New York, San Francisco, and Washington, DC– served over 32,000 students, held 384 writing workshops, published 1,007 student publications, and worked with over 4,700 active volunteers.
